Making leaders of tomorrow better human beings today

Dhyan-Kaksh

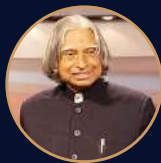

School of Equanimity and Even-sightedness

This World Equanimity Day, visit Dhyan-Kaksh, a modern architectural marvel also known as the School of Equanimity and Even-Sightedness. From here, the science of inner dimensions is taught through a systematic meditation process. The establishment of Dhyan-Kaksh is a symbol of the Golden Era, i.e. Satyug and pride of humanity.

"I am pleased to know about the inauguration of the School of Equanimity and Even-sightedness by Satyug Darshan Trust in Faridabad. Since every human being is unique and has the capability to reflect this uniqueness for the betterment of the society, I hope this school would help to harness this potential in future generations to bring about peace on earth."

LATE DR. APJ ABDUL KALAM (FORMER PRESIDENT)
